

## Comments from the Commander

Steel Rain! Let me start by saying how excited Traci and I are to be a part of this great battery. We look forward to getting to know each and every soldier and family member better. We thank you for the warm welcome we received at the last FRG meeting. It was great to see such a large turnout to say good-bye to the MacGregors and hello to the Cooks. Thanks!

I am proud to congratulate the battery on surpassing the 180-day DUI-free mark (4 MAR). This is truly a reflection of the discipline of the soldiers in this battery. The pay-off is a well-deserved four-day weekend (17-20 MAY). Way to Go!

The month of March has been busy with many red cycle (non-tactical) duties. Every soldier was affected in some way or another (staff duty, baggage detail, funeral detail, firemarker teams, etc.). This newsletter will arrive about the same time the battery is headed out for Marne Focus (24-31 MAR). We will spend the week working on our skills to deliver rockets in support of 3d Brigade and 3d Infantry Division. During our week, we will fire high volume counterfire

## Coming Up in the FRG . . .

Thank you to all the soldiers and spouses that have made our transition to Bravo Battery so pleasant. It's wonderful to be welcomed into such a friendly, family-oriented unit. We already feel right at home!

An updated phone tree is attached. Phone Tree Leaders: please make a note of changes and additions, and let me know of any changes or additions that need to be made. I'm looking forward to working with all of you! Please feel free to contact me with any questions or comments you may have.  
;-) Traci

missions, 6 live rockets, focus on ammunition resupply, and work on our ability to respond to chemical attacks. We will come out of this exercise better trained and ready to conduct our battalion crew qualification live fire in April (23-27 APR).

As the weather starts to warm up, it is a great time to plan quality, outdoor family time. Battery field exercises are on the calendar through the end of June so you should be able to plan those vacations around the schedule. Also, a well-deserved maximum leave period is scheduled for the battalion 1-14 JUL. Plan to take advantage of that time.

This is a great time to be a Steel Rain family member. Traci and I are proud to be a part of this battery. Thank you all for your hard work and dedication.
